## Delivering for Our District

As we enter the 119th Congress, I'm reflecting on our accomplishments from this past Congress and the work ahead in 2025. **It's an honor to be your representative, and we've made great progress on behalf of our community in the last two years, including securing \$816 million in federal grant assistance for our district.**

**My office successfully closed 2,300+ constituent cases**, from securing expedited passports for constituents ahead of emergency travel to ensuring our neighbors received the Social Security and other benefits they have earned.

**Through our work, my office also secured \$4.3 million in returns this year for our neighbors**, easing financial burdens and ensuring that hard-earned money stays where it belongs—in your pockets.

**This casework report offers by-the-numbers insight into our work for the 34th district during the last two years, and I can't wait to see what we accomplish together next!**

Sincerely,

Jimmy Gomez, U.S. Representative

# \$816,029,218

## SECURED IN FEDERAL GRANT ASSISTANCE

These dollars go directly toward upgrading our local parks, housing and roads, as well as providing critical services like after school, recreational and education programs.

# \$4,388,963

## RECOVERED IN RETURNS AND BENEFITS

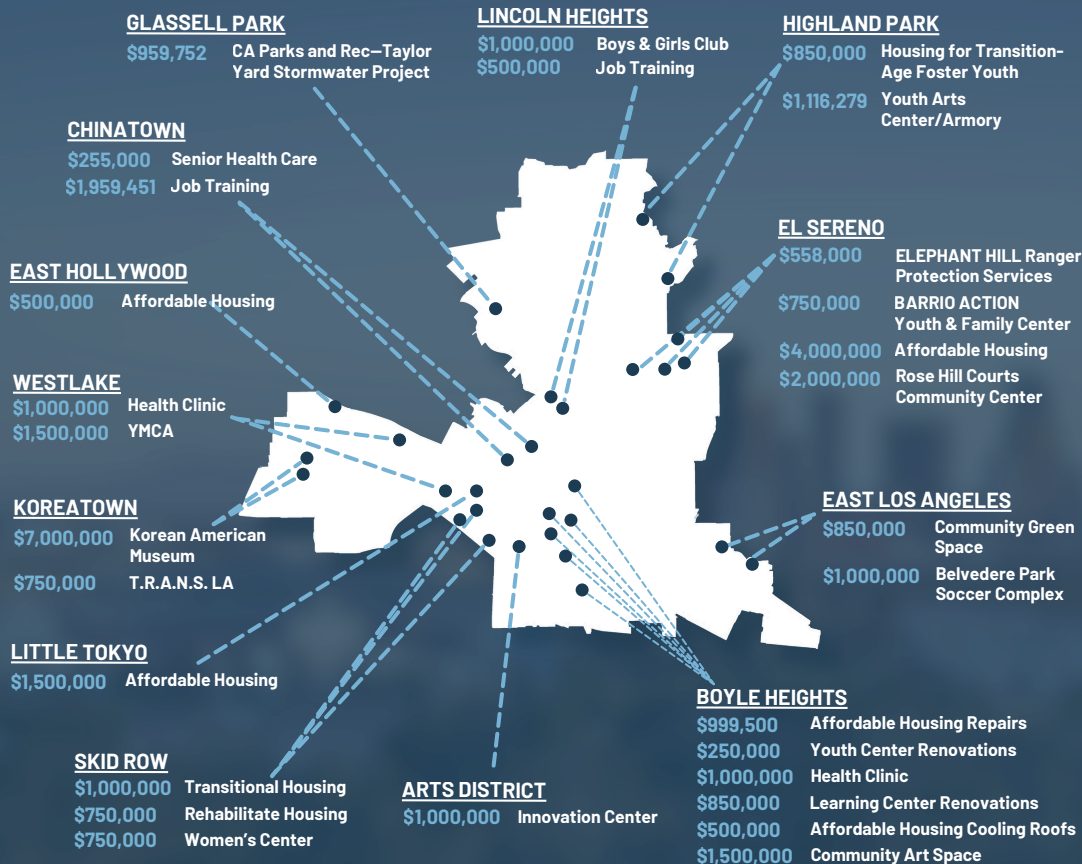

My team worked hard to help constituents recover their hard-earned money from federal agencies by tracking down tax refunds and back pay for Social Security benefits.

# Rep. Jimmy Gomez secured **\$36 million+** for CA-34!

This federal funding went into effect in 2023-2024 and directly benefited countless organizations that are doing great work in our community.

These investments will continue to drive progress in CA-34 by building housing that's affordable, upgrading health care centers, building parks, and more!

## Fighting for LA families in CA-34

This past year, I hosted Renters' Rights workshops throughout CA-34 to share essential resources with our neighbors to protect themselves and our community.

I also held multiple U.S. passport fairs to connect constituents with federal agents who walked them through the application process to be ready for travel.

As founder of the first-ever Congressional Renters Caucus and Dads Caucus, I'll keep working to make sure everyone in CA-34 has the tools they need to thrive.

From tackling the ongoing housing crisis to expanding access to affordable child care, I'm going to continue fighting for you in Congress!

## Help with the Social Security Administration

**DeAnna, a constituent from MacArthur Park**, contacted my office regarding assistance with the Social Security Administration (SSA). She informed us she had applied for disability benefits and had been approved, however, the real issue was that she had not received payment. My casework team *quickly* reached out to the SSA, and **I'm happy to report that we helped secure her back pay totaling \$71,134.90.**

**When Della from Koreatown** hadn't heard back from U.S. Citizenship and Immigration Services (USCIS) regarding her pending application, she contacted my office for help. My team *quickly* spoke to USCIS to receive an update: **Della's application was approved and she is now a permanent resident!**

## Taxpayer Assistance and Resources

## Assistance with Passports

**Evelyn from Monterrey Hills** called my office when her parents' passports and visitor visas had been stolen in Mexico. My team *quickly* contacted the U.S. Embassy in Mexico and **secured an expedited appointment to make sure Evelyn's parents could receive their documents and return home.**
